Russian/Mega Volume Lash Extension Course cost £349 - Add mini kit £50 or full kit £99
[Suitable for experienced lash artists who are confident in doing classic lashes]
1 full day training in a class with a maximum of 4 students.

RUSSIAN COURSE INFORMATION

Up your game in lash artistry by gaining a recognised qualification in Russian lash extensions, learn how to create fans of lashes like a pro. You'll be given hands on learning of how to create multiple styles of fans and different applications in order to achieve that perfect look.

Unlike classic lashes, which is a more natural and subtle look, russian lashes can be used to create a much more dramatic look. The possibilities are endless when it comes to styles. In this course we will learn the 'uniform' style. Please take a look at our Advanced Styling course where we learn the art of styling. Learn how to achieve the much sought after cat eye, doll eye & wispy look.

Russian lashes are applied using the classic technique, however instead of a single lash, we apply a fan of lashes. Fans sizes will be determined on the individual lash health.

Lashes can last up to six weeks, providing the client follows the aftercare advice. Treatment can take up to 3 hours initially, [speed comes with practice] but your client should find this a relaxing experience.

Treatment cost to the customer is up to £85, although this depends on your area and your competitors pricing.

We will provide all products to work with on course day.

Two case studies will be required to be submitted before your certificate will be issued.
